I spoke to Rizgar about Kettleman and Exide. See email below regarding Kettleman. Enrique should be getting a call about the Exide advisory group, which is numbering over 40 people and will meet monthly initially. They do want someone like Enrique at this initial meeting. Maybe we could check with Enrique on Tuesday. Tom

Rizgar,

Regarding the Title 6 complaint from Greenaction on Kettleman, our Office of Civil Rights (OCR) in D.C. handles those complaints. They recently sent a letter to Barbara Lee notifying her that the complaint was accepted. I don't have a final copy of that letter, but I will try and get a copy of the letter and can forward that to you. As part of proceeding on the complaint, we received an email from OCR asking us to check with your office to see if DTSC would be willing to speak to a person in our HQ office about potential Alternative Dispute Resolution (ADR) with Greenaction. Jeff put in a call to Barbara Lee, but she hasn't had a chance to get back to him. Can you let us know if you willing to talk with our HQ office about potential ADR and who they should speak to at DTSC?

Thanks, Tom
